

## **Instructional Planning Council – May 10<sup>th</sup>, 2016**

*The Instructional Planning Council is made up of representatives from all component districts as well as TST BOCES. Each year the Instructional Planning Council creates a set of regional priorities that are student centered, systemic and data-informed. The council meets monthly to promote both organizational learning and teacher learning that leads to positive measurable outcomes for students.*

### Essential Questions:

- How will we promote both organizational learning and teacher learning?
- How will we document connections between our work and measurable outcomes for students?

### Learning Targets: I can...

- Make connections between the efforts my school/organization is making to increase success rates for all students and the related efforts of other educational leaders, schools, and organizations throughout the region.
- Narrow down the components of the Danielson Rubric into the five areas (one from Domains 1, 2 and 4; two from Domain 3) that will best serve as Regional Priorities for the 2016 – 2017 school year.
- Communicate to my stakeholders how and why the TST BOCES Regional Priorities were identified.
- Use my expertise and input to help shape the processes and content of IPC meetings.
