

Instructional Planning Council – May 9th 2017

The Instructional Planning Council is made up of Curriculum and Instruction leaders/specialists from all component districts, representatives from local Institutions of Higher Education and Teacher Center(s), as well as members of the TST BOCES School Improvement Services Team. Each year the Instructional Planning Council creates a set of TST BOCES Regional Priorities that are student centered, systemic and data informed. The council meets monthly to promote both organizational learning and teacher learning that leads to positive measurable outcomes for students.

Essential Questions:

- How will we promote both organizational learning and teacher learning?
- How will we document connections between our work and measurable outcomes for students?

Learning Targets: I will...

- Learn what educational leaders throughout the region indicate are significant efforts they and their organizations are making to promote both organizational learning and teacher learning that leads to positive measurable outcomes for students.
- Learn of specific opportunities for collaboration and support that connect to the efforts I (in conjunction with my organization) am making to promote both organizational learning and teacher learning that leads to positive measurable outcomes for students.
- Increase my clarity about the content and implications of the most recent NYSED decisions, initiatives, and expectations.
- Help shape the processes and content of this meeting and future meetings of the IPC.
