

AP/Dean of Students Council – 5/2/17

“We need to determine which urgent demands are important and resist giving our time to those that aren’t. Unless we’re careful, urgency will rule the day, and those items that are important but not urgent will always remain on tomorrow’s to-do list” (Thomas Hoerr, 2016).

Essential Question:

- How do we effectively lead our schools in creating the best possible learning environment for all students?

Learning Targets: I will be able to...

- Engage in collegial conversation and network with my peers.
- Identify connections between the work we are doing in my building and supports available through TST School Improvement Services.
- Reflect on my practice.
